

Electric Lock

With RFID Card & Remote

KEY FEATURES

- ▶ **Mechanical Based Lock**
- ▶ **Dual Cylinder for Key Lock**
- ▶ **Suitable for Home/Office**
- ▶ **Lock Opening Mode - Remote/Key**
- ▶ **Wireless Receiver for Long Distance**
- ▶ **High Strength Material - SS Based**

SPECIFICATION	S-ELCR
Cylinder quantity	Dual Cylinder
Finish	Nickel Plating
Extension length of dead bolt	20mm
Keys	3 pcs Brass Standard Keys
Working Voltage	12VDC ± 10%
Working current	350mA
Static Current	25mA
Lock-opening delay time	Automatically lock within 9s if not opened
Service life	500,000 times
Locking method	Magnetic induction
Surface temp	Low temperature
Suitable Humidity	0-90%(non-condensing)
Advantage	Low noise, low consumption, long life
Holding force	1000kg
Open ways from outside	Keys, Card or Remote Controller
Open ways from inside	Rotary knob or Remote Controller
Weight	2.1 Kg / unit
Operating Temperature	-40°C ~ 50°C
