SOFTWARE

Attendance Management

We have seamlessly integrated our software with some of the very wellknown brands and our push technology enables effortless flow of data on a real time basis. We provide flexibility in capturing attendance in all possible ways. We also provide huge list of options to automate your HR Rules. All this combined with SMS and email based attendance reporting to employees/managers. You can also integrate the attendance with any third party software.

ESS & Mobile App

A complete Self service Module for your employees and managers to check their details on a realtime basis and update all requests on the Go, resulting in near zero escalation of Attendance and Payroll issues. Manager panel not only helps to view device/mobile logs of Team Members but also approve all the requests like OD, Leave, Regularizaiton and many others.
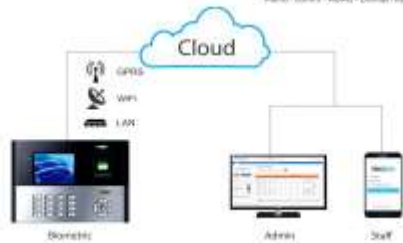

SOFTWARE

## Payroll Management

Device & Canteen Management

(Desktop, web & cloud) - Advanced Payroll Software to take care of your complex salary calculations, automate statutory calculations (like PF, ESI, PT, LWF etc), end to end TDS Management, and MIS reports for ease of statutory filings & various activities like payslip & F-16 generation. You can also automate tasks like - Overtime, Advance, Arrears, Increment, Additional Earnings, Expense Claim, IT Declarations etc.

we're pioneering the way businesses interact with biometric systems, specifically through our advanced Fingerprint Device Management solutions. Our system is designed to seamlessly integrate into your existing infrastructure, providing an added layer of security without complicating your operations. With SmartOfficePayroll, you're not just adopting a technology; you're investing in a comprehensive security solution that includes
