Maximum Monthly Duty Cycle* – Maximum number of printed pages per month does not indicate the number of pages that can be printed in a month on a continuous basis. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements. Recommended Monthly Print Volume (RMPV)** – The recommended number of monthly print pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond the recommended monthly print volume with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended monthly print volume to allow for any anticipated increase in printing needs. MRP mentioned above is for 1 unit and subject to change without prior notice | Yield in accordance with ISO/IEC 19752
